Twice Proven Cure for Nerves

Irritable, Hysterical, Sleepless, Dr. Chase's Nerve Food Restores Health.

There is a message in this letter for thousands of women who are suffering from broken-down nervous systems. Sleepless nights, much irritability over little things, spells of dizziness and nervous sick headaches are among the symptoms.

You may not realize the nature of your ailment until nervous prostration comes upon you. But in what place you find yourself, Dr. Chase's Nerve Food is ready to help you.

Mrs. W. J. May, 48 Adelaide street, Toronto, writes: "Some years ago I suffered from nervous trouble, and took Dr. Chase's Nerve Food, which completely cured me. About six months ago I received a shock which again shattered my nervous system, to such an extent that I was irritable and hysterical, and could not sleep nights. I began to take the Nerve Food again and was not long before improvement was apparent from the first box, and I am an entirely well woman." Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers.

FORESTRY RETURNS SHOW DECREASE

Not Nearly as Much Lumber Cut in Dominion in 1912 as Previously.

Ottawa, Sept. 22.—Figures compiled by the forestry branch of the Interior department relating to the annual lumber cut in the Dominion show that the cut of 1912 shows a decrease when compared with the previous year in all provinces with the single exception of Saskatchewan, where there was an increase of 16.7 per cent.

The decrease in the lumber cut in 1912 was over 26 per cent over that of 1911, and shows a decrease in British Columbia, where almost 96 feet were cut for every 100 feet in 1911. Ontario, as is usual, shows a decrease in the quantity and value of the lumber harvest, 1,385,186 feet, having been valued at \$257,127,000, or a decrease of over 10 per cent. British Columbia is second place with a cut of 1,313,782 feet valued at \$217,717,000, or a decrease of 7.7 per cent. The quantity and value of the lumber produced in other provinces during the year was:

Quebec 67,715,000 feet, value \$10,523,262, decrease 10.5 per cent; Nova Scotia 19,728,000 feet, value \$2,853,233, decrease 3.8 per cent; Nova Scotia 31,743,000 feet, value \$4,390,843, decrease 19.4 per cent; Saskatchewan 157,265,000 feet, value \$2,335,611, increase 16.7; Alberta 17,900,000 feet, value \$2,668,000, decrease 26.4; Prince Edward Island 57,000 feet, value \$92,391, decrease 12.2. Total for the Dominion 1,389,750,000 feet, value \$209,475,781, decrease 10 per cent.

In point of value, with a total cut of 1,600,000,000 feet worth \$297,523,262, the lumber cut is valued at \$19,119,521, or a second. Generally, the lumber cut is valued at \$19,119,521, or a second. Generally, the lumber cut is valued at \$19,119,521, or a second.

TO FORM B.C. BRANCH OF CAN. PRESS ASSN.

Vancouver, Sept. 22.—On a trip to discuss with the local members of the Canadian Press association, the advisability of organizing a British Columbia division of that organization Mr. John D. Innes arrived in Vancouver this morning. Mr. Innes is the secretary of the Canadian Press association.

Mr. Innes said he was heartily struck with the spirit of optimism that prevailed on the prairies.

He had heard a lot of talk about the bad times in the west and expected to find blue rain everywhere, and I must say that I was agreeably disappointed. The west is in just as good shape as the east from what I saw and with optimism that will prevail, it cannot help going ahead," he remarked.

CONVICTED ON FIVE CHARGES

Regina, Sask., Sept. 22.—After a two days' hearing, J. W. Crawford, who had been charged with the murder of a woman, was found guilty on five charges brought against him, the principal being that of stealing certain registered mail from the post office valued at \$5000. On the count he was sentenced by Judge Hannon to three years' imprisonment. On the remaining charges, which included the theft of three trunks containing a considerable quantity of jewelry from the G.P.R. baggage room, Crawford was sentenced to terms amounting to three years, the sentences to run concurrently.

COVER ELECTIONS ILLEGAL

North Vancouver, Sept. 22.—It was discovered this morning that the by-law, forming the city of the whole as a ward, has been amended by the council, and the city clerk, A. C. Brown, was the author of the change. The amendment was found to be illegal, and the city clerk was ordered to rescind the amendment.

NEW TARIFF BILL MAY ENCOURAGE TARIFF PENALTIES

U. S. Administration Fear That Foreign Countries May Obtain Revenge.

SENATE LEADERS PLAN PREVENTATIVE

Will Introduce Joint Resolution Asking for Temporary Continuation of Relations.

Washington, Sept. 22.—Apprehension lest the democratic tariff bill lead foreign nations to impose tariff penalties against the United States, as soon as the new law goes into effect, caused the administration and senate leaders today to plan the introduction of a joint resolution in congress making specific provision for the continuation of the existing relations with all countries until President Wilson has time to negotiate new agreements.

The seriousness of the situation that will confront the administration was stressed upon Chairman Simmons of the senate financial committee today by state department officials.

It was pointed out that the trade relations established by President Taft's proclamations under the Payne-Aldrich law of 1909 would terminate as soon as the new law becomes effective and that the United States would then face the possibility of having higher tariffs against its exports by many countries.

While the tariff law would give the president power to negotiate trade agreements, it would also require him to apply special discriminating rates against certain countries, particularly the United States. The senate conferees on the tariff bill, his today, want their fight for a heavier tax on his incomes, when the house members of the conference committee agreed to accept the senate's amendments, increasing the tax rate to a maximum of seven per cent on incomes of more than \$500,000.

At the end of a day's consideration of the income tax bill, the committee had nearly completed the section last night, and the concluding details will be worked out by a sub-committee of the conferees. The amount of income that is to be free from tax, fixed at \$4,000 by the house and \$5,000 by the senate. The exemption to be allowed on account of families, and the provisions to be applied to mutual insurance companies, are still under consideration.

The deductions that are to be allowed from ordinary incomes, in arriving at the taxable income, the rates to be accepted practically as determined upon in the senate. These deductions varied in several particulars from the provisions originally made by the house.

No decision will be made by the conferees until the conferees have agreed upon the entire bill. The conferees will continue work on the income tax provisions tomorrow, others will take up the administrative sections of the bill which include the provision for regulatory rates against foreign countries by the president of the reciprocal trade agreements.

GRAIN MOVEMENT HAS STARTED OFF WITH A BIG PUSH

Twenty Million Bushels Grain Handled First Three Weeks of September.

16,000,000 MORE THAN THIS TIME LAST YEAR

Wheat is Nearly All Contract Grade and Records Being Broken Handling It.

Winnipeg, Sept. 22.—Never was the grain movement started off with such a rush as this fall, for on September 1 up to Saturday last the Canadian Pacific alone marketed 16,211,000 bushels of wheat and 3,650,000 bushels of other grains, as against a total of 2,737,000 bushels of wheat and 290,000 bushels of other grains handled during the corresponding period last year. This enormous increase has been noticeable in all three of the prairie provinces, and practically at all points along the country's western lines.

The following table shows the grain marketed in the different provinces to date and also during same period last year.

Manitoba—1913, 6,870,000 bushels wheat, 977,000 bushels other grains; 1912, 680,000 bushels wheat, 47,000 bushels other grains.

Saskatchewan—1913, 7,393,000 bushels wheat, 77,000 bushels other grains; 1912, 1,657,000 bushels wheat, 207,000 bushels other grains.

Alberta—1913, 1,551,000 bushels wheat, 925,000 bushels other grains; 1912, 451,000 bushels wheat, 142,000 bushels other grains.

Localities have been carried on with equal rapidity as the table shows that 10,733 cars of wheat have been loaded up to date, and 1,624 cars other grains.

The details show that 4,141 cars of wheat have been loaded in Manitoba, 1,699 in Saskatchewan, and 1,003 in Alberta, while Manitoba has produced 517 cars of other grains, Saskatchewan 24 cars and Alberta 455 cars.

Owing to the excellent movement which has taken place so early in the fall the C.P.R. now anticipates being able to handle the crops on its lines without any difficulty. There were inspected at Winnipeg Saturday and Sunday 1,061 cars of grain. Of this 2,570 were wheat, and of this wheat 2,325 were contract grades. The average weight of the cars is running at 1,125 bushels so that over 2,500,000 bushels of contract wheat were inspected in the two days during this period. Manitoba received over 1,502 cars, Duluth 888 cars and Chicago 66. Putting the value of the contract wheat at the price of No. 1 it means \$2,100,000 worth of wheat passed Winnipeg in two days.

SUSPECTED OF BANK ROBBERY

Man Arrested in Detroit Thought to Have Been Implicated in New Westminster Robbery

Detroit, Mich., Sept. 22.—William, alias "Bill" Houston said to have a long prison record was taken last evening to the police station by the officials communicated with the Bank of Montreal officials about the \$270,000 robbery at New Westminster two years ago. Houston carried \$245 in the bank of Montreal bills when arrested. It is claimed the bills are some taken in the New Westminster robbery.

After several hours of investigation, the police said they were convinced that the serial number on the bills in Houston's possession had been altered and that he would be held pending further developments.

Lord Northcliffe Says England Was Never in Better Condition in Spite of Adverse Criticism.

Montreal, Sept. 22.—"The fact that the centre of imperial combination is a small island far removed from the rest, does not seem to interest writers in Germany and the whole scheme. "Downing street is often very hot, but as an organizer I do not look for too much movement about an interior, but it is a very essential part of a ship."

"I am convinced that no one who writes on the progress of mankind can feel anything but attraction when he compares the history of the two English-speaking peoples since they parted in 1776."

"Their diverging paths, the chief part of the history of the world, since that memorable date," he said.

How Wrinkles Are Caused—And Removed

(From American Home.)

"Why did no one think of this before?" writes a clear-thinking reader. "Wrinkles are caused by the skin becoming loose. Obviously the remedy is to tighten the skin. Evidently it is obvious that the only thing which will tighten the skin is a powerful astringent."

"Now, it is well known that the only powerful astringent which is absolutely harmless and beneficial as well as pure powdered sassafras, obtainable from any druggist. Dissolve one ounce in a half pint of which, hazel, bathe the face in it daily and—behold! The result is almost magical. The skin becomes firm and smooth, the face looks young, comfortable and solid. Instead of loose and flabby. Simple, isn't it? As I asked—why did no one think of it before?"

"One should be careful, however, to use no other astringents than pure sassafras, as the former do no good and are really injurious more often than not."

DEMANDS PURITY IN THE HUSBAND

Man Must Further Morality, Declares Speaker at Hygienic Congress.

Buffalo, N. Y., Sept. 22.—The fourth international congress on school hygiene held here recently was one of the most successful in the history of the movement.

The membership exceeded 20,000, bettering the record of the third congress held at Paris, and the expected attendance also was better than the Paris figure. The congress of 1913 will be held in Brussels.

A symposium of women's clubs was the best attended meeting. Miss Mary Wood of New York struck a popular chord when she declared that from the beginning of time the burden of conserving the morals of the people has been laid upon the woman, and that the greatest problem confronting the world was a better fatherhood and a better brotherhood.

"We want husbands to recognize the same moral standards that they impose upon their wives," said Miss Wood. "We have come to the conclusion that not only should Caesar's wife be above suspicion, but that Caesar himself should be above suspicion."

PANTAGES BILL PLEASED HOUSE

Singers and Acrobats Distance Feature Bill at Local Playhouse, Scoring Success

Passing up the headlines as being rather disappointing, the remainder of the bill being offered at the Pantages theatre this week is rather pleasing, juggling and acrobatic work features the bill with the gymnasts an easy first, the juggling second and the singing third. The Bottom Troupe are right-ly styled "Vaudeville's Sensational Casting Act," and several times made the packed house shudder. Acrobatic acts come and go, but these five people have the power to entertain with their original act. The Five Piroscoffis, sensational comedy jugglers, proved well worth watching. One member of the troupe balanced a billiard ball on one end and knocked it off with another, catching the first ball in a basket behind him.

The Oxford Quartette furnished some very fine melody in their musical act. Each of the four is possessed of a fine voice and the four blend well together. They also introduced just enough comedy to keep the audience in good humor.

Several yodlers have been heard at this playhouse since it opened, but few if any equal Wilson and Lenore. Their voice shows the result of the strain put upon it, but one forgot the three vocal organs when he began to whistle his control over his birdlike warble was immense and the audience applauded time and time again. His fair partner is possessed of a fine mezzo-soprano and the two sang well together.

"Fun in a Vaudeville Agency" which is supposed to feature the bill, fell down when it came to entertaining the audience. It was a combination of nothing at all except a bit of clog dancing and the singing of unintelligible songs and ended with a boxing bout between two of the members of the cast. Probably the most amusement in this act was furnished by a two year old youngster, which

LYCEUM SHOW STRIKES HOME

Broadhurst's "Bought and Paid For" Depicting the Reunion of a Home is Well Received.

The bill offered at the Lyceum this week is an interesting little drama entitled "Bought and Paid For." It was very forcibly presented by the actors, and was well received by the house. The leading part is played by Edward Hearn, impersonating Robert Stafford. As the play develops, a young office girl, known as Virginia Blaine, is wooed by Stafford and finally they are married.

Robert Stafford develops into a man who frequents the clubs and becomes addicted to the use of liquor to such an extent that he soon develops a form of mania and abuses his wife. In the struggles which are depicted in the home he tries to make his wife believe that when he is rich and prosperous man, married her she was "bought and paid for."

The home is eventually broken up and the actors are separated. Toward the close of the act a young shipping clerk appears on the scene, and through his manoeuvres Stafford begins to realize what a fool he has been and as a result a reunion takes place.

Grace Aylesworth presents the part of Virginia Blaine in a most striking manner. William Vale plays the part of a lovable "Jimmy" while Emily Selwyn is a jolly bunny. The latter provide the lighter parts of the play and furnish no little amusement for the audience in the performance of their part in the program.

"Bought and Paid For" has been seen in Edmonton on a former occasion, but the Toronto Players at the Lyceum last night excited themselves in handling the various parts. The stage effects were handsome in the extreme and displayed wonderful taste on the part of the players.

strayed on his stage and cooed and applauded the members of the troupe.

The Doherty Co-Operative Plan

Is a Rare Opportunity for Intending Piano Purchasers

EVERY innovation is not always satisfactory or successful. Some possess merit and others do not. The reason is, therefore obvious. The secret of the success of the DOHERTY CO-OPERATIVE plan of selling is that it possesses merit—real merit. The people appreciate this fact from past experience. No one has ever seen anything in an advertisement placed above the name DOHERTY that was not the truth—the whole truth.

When we say we are selling 500 PIANOS the regular value of which is \$375.00 each, to 500 PEOPLE—selling them for \$268.50 each—the people know this is the truth—THAT THE SAVING IS \$106.50.

Facts About Fort George

To the Public:

In view of the peculiar attitude adopted by the Grand Trunk Pacific Railway in announcing the sale, by auction, of lots in their so-called "Prince George Townsite," which is really an addition to Fort George, and owing to the fact that we have consistently and continuously devoted our attention during the past four years to the promotion and development of Fort George and district, we believe we owe it to ourselves, to our clients and to the public, to publish a true and authentic explanation of the situation as regards the Townsite of Fort George and additions thereto.

On this page will be found a sketch map showing the location of the legally registered townsite of Fort George and additions, showing the business centre of Fort George.

The Grand Trunk Pacific property, formerly Fort George Indian Reservation No. 1 is shown and almost in absolutely correct contour of the ground. There is no registered "Prince George Townsite."

South Fort George is shown and if an explanation of this sketch plan is made and compared with the facsimile of the official order of the Dominion Railway Commission, it will be plainly evident to all concerned as to where the future business centre of Fort George will be located.

It will be seen that the location of the Railway Station as ordered by the Railway Commission is three thousand (3000) feet east of Fraser Avenue, the latter being the dividing street between Fort George Townsite and the Indian Reservation. The exact location of the station site is between Maple and Spruce Streets on the railway company's subdivision plan.

The Grand Trunk Pacific Railway Company has filed notice of appeal from the Railway Commission's order, which appeal will be heard by the Governor-in-Council probably in October of this year.

The topography of the surrounding country, together with the lay of the land in the peninsula must necessarily pass through the location on the sketch plan shown as Fort George Townsite.

The Grand Trunk Pacific's designation of their subdivision as "Prince George Townsite" is most peculiar under the circumstances. It is an official fact that the Grand Trunk Pacific Railway were denied the right by the Provincial Government to register their subdivision of the Indian Reservation as "Prince George Townsite." It is also an official fact that the Postmaster-General of the Dominion of Canada has refused the Grand Trunk Pacific Ry. a postoffice under the name of "Prince George."

WE WISH, HOWEVER, TO MAKE OUR POSITION PERFECTLY CLEAR IN THIS RESPECT THAT THE NAME ITSELF SHOULD NOT BE ALLOWED TO ENTER INTO CONSIDERATION IN ARRIVING AT THE VALUE OF THE LOTS OFFERED FOR SALE BY THE GRAND TRUNK PACIFIC RAILWAY.

THERE IS NO QUESTION IN OUR MINDS OR IN THE MINDS OF OTHERS WHO KNOW THE FORT GEORGE DISTRICT AND THE ENORMOUS TERRITORY TRIBUTARY TO THE FUTURE CITY, BUT WHAT THE LOTS THAT ARE OFFERED FOR SALE BY THE GRAND TRUNK PACIFIC RAILWAY WILL BE EXTREMELY VALUABLE, AND WE HAVE NO HESITANCY IN ADVISING ALL WHO DESIRE TO MAKE AN INVESTMENT, TO PURCHASE PROPERTY AT THE FORTHCOMING AUCTION SALE.

The facts as stated above are not detrimental to the value of the Grand Trunk Pacific property.

Furthermore, it is a matter of official record in the proceedings before the Railway Commission in Ottawa, that the Grand Trunk Pacific intend to have on their property at Fort George, their main divisional point in the Province of British Columbia.

It is a well-known fact that Fort George is so situated with regard to the topography of the whole of Central and Northern British Columbia that nearly every railway building through that vast territory must of necessity go through Fort George.

It is a fact that the Pacific & Great Eastern Railway is building from Vancouver to Fort George, and that the Edmonton, Dunvegan & British Columbia Railway is building from Edmonton through the Peace River District to Fort George.

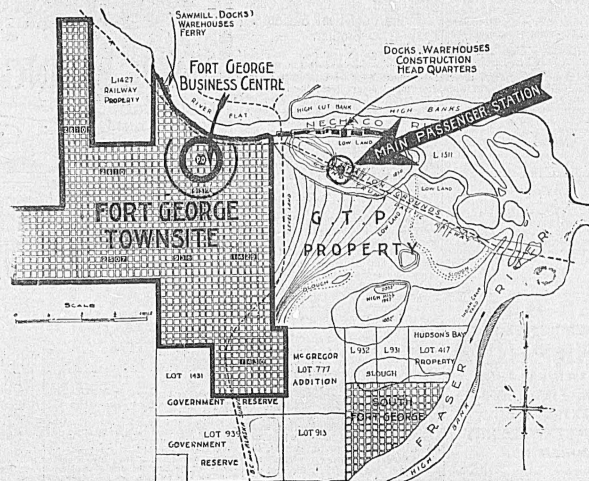

It is a fact that at the next session of the Provincial Legislature in Victoria an application will be made for a special act incorporating the municipality of Fort George which will take in the existing subdivisions and settle for all time the question of name for the future city.

In conclusion we wish to state that we have no object in printing this notice except to convey the exact facts to the public so that they will not be misled by the ambiguous wording of the Grand Trunk Pacific's announcement of the sale of lots in their "Prince George" addition to Fort George.

The Grand Trunk Pacific have a perfect right to consider and give as their opinion that the future business centre of the city will be located on their property, and we have the same right to give as our opinion that the said business centre will be located just where it is now. We cannot see into the future but we can state with positive knowledge of the prospects of future growth that we believe that the high-class residential and retail business property will always be located on the western part of the Grand Trunk Pacific property and on Fort George Townsite and will grow westward because the growth cannot be to the east, owing to the fact that the NORTH-EASTERN part of the Grand Trunk Pacific property is subject to overflow and that there are the high-cut banks on the eastern bank of the Fraser and north bank of the Nechaco Rivers opposite the Grand Trunk Pacific property, thus effectually cutting off growth to the north and east. Growth to the south is prevented on account of the bend in the Fraser River, high hill and large slough.

DEATH OF GREEK OFFICER IS OFFICIALLY EXPLAINED

Death Did Not Result from Cholera But
Body Was Placed in First Urine
After Being Stoned.

Sofia, Sept. 22.—The Greek commander that Spira Simelidis, one of the wealthiest of the Bulgarian merchants in Saloniki, died of cholera, is officially denied here, the claim being made that he was placed in the cholera detention camp after having been stoned. This, it is charged, was done to remove all signs of the crime. Bulgarians assert that this procedure is common with the Greek authorities, whose object it is to exterminate all Bulgarians, especially those of wealth and education. Officials in Sofia make the further charge that 2,500 Bulgarians are dying of starvation on a desert island in the Aegean Sea.

TEA PARTY ON AIRSHIP.

Berlin, Sept. 22.—The first airship to take the world took place this afternoon. The Zeppelin passenger airship sailed. The guests were 12 women and eight men prominent in business society. During the crew, the Sachsen carried altogether 18 persons on its maiden tea party, which lasted an hour and three-quarters.

HER BABY WAS BOTHERED WITH DIARRHOEA FROM THE TIME SHE WAS BORN

DR. FOWLER'S
EXTRACT OF
WILD STRAWBERRY
CURED HER

Mrs. Thomas Skaling, Schreiber Ont., writes: "My little girl, who is now nearly four years old, and is healthy and strong as can be, was bothered with Diarrhoea from the time she was born until she was over two years old. The doctor in the hospital, where I was when she was born, did everything he could but did not get it stopped. Just as soon as I got out myself, I got a bottle of Dr. Fowler's Extract of Wild Strawberry, and gave it to her, off and on, whenever she needed it, and I never had a doctor in the house once, for it would always check it without any after effects, and in time cured her altogether. I always keep it in the house, as I have never found anything to compete with it for Diarrhoea."

When you ask for "Dr. Fowler's" be sure you get it, as these of the name, misrepresentation, so-called "Fowler's" preparations are being sold on the reputation built up by "Dr. Fowler's." To insure getting the genuine, see that the name of The T. J. Albion Co., Limited, Toronto, Ontario, appears on the yellow wrapper. Price, 25 cents.

HONOR LITTLE GIRL HEROINE

Men Bring Big Doll to Child
Who Lost Foot Saving
Brother.

Chicago, Sept. 22.—Two men on Monday entered a woman at German Evangelical Deaconess hospital where they found Mary Stank, the little girl who lost her foot in trying to save her brother from being killed by a street car. The child is convalescing. One man carried a big box under his arm. Mary lay propped in her pillows asleep. The little leg with the lost foot rested on a pillow by itself. Perspiration stood in beads on the child's brow.

"Mary," Sept. 22, Bolens spoke to her.

"Two blue eyes opened sleepily. 'This man has brought you another present,' he smiled. The two blue eyes turned to the stranger, but no word came to the lips. She reached for the box. Her small fingers touched the strings, the wrapping and the lid came off and then the parcel dropped to the bed. She had caught one glimpse and it was almost too much for her."

There were just about three blinks to the big blue eyes and the hands dove quickly into the box.

"Oh! Oh! You sweet—you—'you! That was all she said. Mary's father was killed in the Cherry mine disaster. Her mother works a checkbook packing machine. It was Mary's duty to look after her small brother. He was on the street car track. A car swept up swiftly, the girl seized her brother, whom she saved, but was caught by the foot before she could escape."

There have been many gifts sent to the little heroine in the few days she has been at the hospital. She has received them in four dolls. The doll given to her yesterday was brought to the Tribune by one of the "all-year-round Good" boys. The reporter who delivered the doll also brought her \$10. One was a \$5 check signed by "A. Mason." Another \$5 was from the initials P. B., and still another check came in later for \$30, which was signed L. G. S.

The hospital receipted for the money which will be given the little girl's mother.

NEWS OF THE CITY

Price Checks Issued—It will be of interest to prize winners of the recent lotteries to know that the start in sending out checks to those entitled to prizes. It has taken considerable time to get everything in order prior to issuing these checks, but the work has all been completed and the payments authorized.

Will Judge This Week—Magistrate J. W. Stark of the Edmonton Exhibition association will attend agricultural fairs being held this week in Vermilion and Naville, while his law partner, one of the judges to get at both fairs.

Low Bridge Defective—The condition of the flooring of the low level bridge was called to the attention of the commissioners in a letter from Superintendent Alton, in which he suggested that the appropriation for bridge maintenance this year would allow him to re-lay at least a portion of the bridge. As the cost of the bridge is borne jointly by the city, the dominion government and the railroad, the commissioners asked for a report on the present condition of the bridge from Mr. Brown and the city engineer.

Will Consider Crossings—A joint report from the city engineer and the street railway commission will be submitted to the commissioners with tabulated information regarding all the crossings to be considered at the next meeting of the board of public works. As soon as this report is in the hands of the commissioners it will be sent on to the city council, when a decision will be called to go over the plans and discuss thoroughly the whole situation.

Court of Revision—The court of revision on the fifth street paving has been set by the commissioners on Monday, October 14th, when property owners affected will have opportunity to present their troubles if they have any.

Council Will Decide—The mayor intended Secretary English to send up to council tonight the letter submitted by Mr. Parsons in offering to reduce the cost of power, together with a tabulated statement of the cost of generating power since last September. The idea expressed by the mayor is that these figures will show the present position not warranted to his own statement. A copy of a letter from the superintendent, dated May 22, will also be attached. This letter states that owing to putting away a sufficient sum to cover shoddy charges it would not be possible to make any further reductions in the price.

Children's Shelter Unsafe—The unsafe condition of the detention room at the children's shelter was called to the attention of the commissioners in a letter submitted by Charles Carpenter, who states that the boys have forcibly removed the floor from the room and in one instance an escape was effected. The screens on the windows are also defective and should be changed. Superintendent Smith of the building department will be notified and an investigation will bring in a report to the commissioners.

ELEVEN-YEAR-OLD LAD KILLED.

Stam Matthews, eleven, Sept. 22.—The eleven-year-old son of John Matthews was shot and killed by a bullet from a .32 rifle which he attempted to take from a younger brother.

"CASCARETS" THE BEST LAXATIVE

If Constipated, Bilious, Head-
achy, Stomach Sour—Clean
Up Tonight.

Get a 10-cent box now.

You men and women who can't get feeding right—who have headache, coated tongue, foul taste and foul breath, indigestion, can't sleep, are bilious, nervous and upset, bothered with a sick, easy, disordered stomach, or have backache and feel worn out. Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartics pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and softens; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascarets at night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and free clear for months. Don't forget the children. They love Cascarets because they taste good—never scribe or sicken.

HOW TO GET IT

FOR EVERYBODY THAT READS THE CAPITAL

THIS ILLUSTRATES THE \$4.00 BOOK. (EXACT SIZE).

This Dictionary is not published by the original publishers of Webster's Dictionary or by their successors. It has been revised and brought up to the PRESENT DATE in accordance with the best authorities from the greatest universities, and is published by the well known SYNDICATE PUBLISHING CO. of N. Y.

Partial contents of Webster's New Illustrated Dictionary

Based upon Noah Webster's Dictionary, revised and brought UP TO DATE in accordance with the most eminent English and American authorities on spelling, pronunciation and definition, and especially designed to meet the popular demand for a CONVENIENT, complete and RELIABLE Dictionary.

It contains all the words of the English language that are not peculiarly appropriate to a Dictionary of technical terms; it gives the spelling and pronunciation of Plurals, and indicates the use of capital and small letters in writing every word in the vocabulary; it gives the Past Tense and the Particles of all verbs not regularly formed by the addition of -d, -ed, and -ing; the Pronunciation of each word is plainly indicated by phonetic spelling; the Definitions, comprehensive, yet concise, are accurate and reliable.

Preceding the Dictionary proper will be found a treatise on ABBREVIATIONS of the Parts of Speech and their grammatical signification. Also a discourse on the Origin, Composition and Derivation of the English Language.

The ANALYSIS of the "Principles of Grammar" will fill a long-felt want in promoting the correctness of speech, both spoken and written.

Under the head of "SIMPLIFIED SPELLING" will be found the rules as adopted by the SIMPLIFIED SPELLING BOARD, and giving a complete list of 300 words spelled in two ways, of which the Board says, "Choose the simpler spelling."

Finally is given a complete KEY TO PRONUNCIATION.

Surprising results are obtained in looking up the Spelling, Pronunciation and Definition of the

NEW WORDS

which have been incorporated into our language only yesterday, as it were. For instance: Aviator, Biplane, Brainstorm, Cordite, Okapi, Carburettor, Dictograph, Hookworm, Krypton, Lettergram, Nickelodeon, Olerize, Stovalne, Taxicab, Zemule, Hangar, Equilibrator, etc.

Couldn't Breathe Through His Nose Stuffed With Catarrh

Catharine's Inhaler the One Means of Relief, and it Cured Quickly.

The extraordinary efficacy of Catharine's Inhaler is without a parallel. A harsh cough is eased in ten minutes, the most offensive catarrh is thoroughly drawn from the system. In case of asthma and bronchitis the relief and certain cure that comes from the healing balsamic extract in Catharine's Inhaler is simply wonderful.

"For more than twenty years I suffered with a cough, bronchitis, asthma, and nasal catarrh," writes J. F. Penwick, of St. Paul, Minn. "Every attack I had seemed to grow worse, and I could hardly breathe on account of an accumulation of phlegm in the nose and throat. One day I tried Catharine's Inhaler, and in ten minutes was wonderfully relieved. I could breathe freely and naturally through the nose, and blood spilling was stopped—the phlegm was cleared away and my regular breathing restored. No remedy can do more than Catharine's Inhaler. There is no remedy so certain, and safe as Catharine's Inhaler, but being a good remedy it is imitated. Beware of the imitator. Large Catharine's Inhalers cost two months, price \$1.00, smaller sizes 75c and 50c. At all druggists and department stores. The Catharine Co., Buffalo, N. Y., and Kingston, Canada.

Cleveland and Washington are fighting for second place in the American League. Looks like Cleveland.

"Smoke! Smoke!" Shout on the yellow ball. Seven of it you can get. Oh! Isn't it funny, when the other fellow gets smothered. The big smoke billiard parlor is putting on a smoke tournament, the high score man to get a suit of clothes.

"In the Wild" pun in the Chicago Tribune: "Chances easily come in the draft." Help! Somebody better come here.

No football practice for the rugby squad yesterday, but today work will begin in earnest for the game with the "Varsity next Saturday."

Coach White has decided to shift Callen to outside wing. He is needed as a backer. It seems that the squad is still a little weak at that business.

The Caledonian soccer team is kept on the jump these days, trying to win the Charity shield and the provincial championship at the same time. Wednesday of this week the Callies will meet the Thais for the Charity shield final, and Saturday they will probably have to fight the battle with Lloydminster for the semi-final provincial championship.

C. V. Pich made his debut in the majors the other day when he went into the line to rescue Ford who was having a bad day. Well you know how Pich always was on that rescue staff. He got off him—No sir. Avarant that fine. You see they couldn't reach 'em. Pich was sick. He didn't give those Sox boys a chance. However, he keeps them away he let four men walk in two innings and threw one ball to the grand stand and the six men still live up the title "The Hitless Wonder" garnered four runs off Griss's efforts.

Are you watching that race in the American association. Between the difference 479 points between the leaders and the tailenders. Milwaukee and Minneapolis are going neck and neck for the top but Kansas City and Indianapolis are racing for the collar.

Deacon while again confirmed his reputation as a good sportsman, when by refusing to protest the same between the Tigers and the Eskimos Saturday. He had a perfect right to do so. It was found before the whistle for the close of the first quarter had blown that Messer the linebacker was taking out one from the time the ball was called "down" until the beginning of the next scrimmage. As much time is consumed between scrimmages as during them and there is no doubt that instead of 15 minutes the quarter had run closer to 30 minutes. The score 15 minutes or say 12 minutes before the end of the game was still a tie. Coach White said that the only reason he did not protest was that he did not want to be a kicker.

CRICKET AT PHILADELPHIA.
Philadelphia, Sept. 23.—Upstart match with the Philadelphia cricket club yesterday the Toronto club of London scored 130 runs in their first innings. The Philadelphia scored 82, the loss of eight wickets, when play was stopped for the day.

MINERS THREATEN STRIKE
Trinidad, Colo., Sept. 23.—With every miner in the Southern Colorado coal fields under orders to lay down his tools this morning because of the refusal of the operators to recognize the United States Mine Workers of America and grant certain wage concessions to the camps of Las Animas and Huerfano counties yesterday were unusually quiet.

All mines are in operation and most miners declare the operators have at most all full forces. Miners and their families continued to leave the camps yesterday with their belongings and come to Trinidad.

WILL BE MILITARY INQUIRY.
Ottawa, Sept. 23.—There will probably be a military inquiry into the accident which resulted in the death of O. N. S. Stanley Harris, at the Rockcliffe ranges on Saturday. It is not expected, however, that the small arms committee will investigate the rifle for defects, which would cause it to discharge the cartridge without the trigger being cocked. After the accident on Saturday Lieut. Col. Holman took Sgt. Jones' rifle and forced the bolt home several times to find out if it was this action that caused the discharge of the arm, but it worked all right.

It was evident that the gun had gone off accidentally, but had not exploded.

GOOD PROGRESS ON H. B. RAILWAY.
Ottawa, Sept. 23.—Reports from engineers indicated great progress with the Hudson Bay railway. Before the close of the working season grading will have been completed on a straight stretch of 150 miles and with the exception of a few cuts the line will have been graded from Le Pas to Thicket Portage, about 200 miles.

Owing to scarcity of sleepers the line has not kept pace with grading. About 60 miles of rails are down, and before that week the total rail mileage will pass the 70 mile mark.

The contractor has his work well up to the time schedule planned for.

PUPILS TO RECEIVE PRIZES
Regina, Sask., Sept. 23.—Four pupils taking grade eight examination this year will receive prizes ordered by the school board at its last meeting. They had the highest markings in the city and were evenly divided as to the sex.

Permits Taken Out For \$65,000 Worth of Houses

Inspector's Office Had Busy Day Monday—1913 Building Record Promises to Keep up With Pace Set During Past Years—\$13,100 for South Side

On Monday exactly \$65,000 worth of building permits were taken out in Greater Edmonton. That means that on both sides of the river considerable building is anticipated this year, therefore the construction program of 1913 will finish up as bright and rosy as any previous year.

All the permits issued by Building Inspector McIvor are for the erection of dwellings. Not one permit calls for the construction of a business block. This is accounted for by the fact that in the early part of the year nearly all the permits were for blocks and stores, thus the construction during the spring and summer months have been of the heavy order. Of this total sum, \$13,100 represents the building activity on the south side of the river, while the remaining \$52,900 is for construction work on the north side. The largest permit issued for the old portion of the city, otherwise the north side, was given to S. F. Munson, which calls for the erection of a number of dwellings in Summerland, amounting to \$23,000.

Come any day at two o'clock and have a free auto ride to see this new town. Any time of day by appointment.
